

Plympton Family Cross Country

Monday 17th October 2016—A bright start this morning for our annual Tor Bridge Family Cross Country event. Over 70 children from 5 schools came along to take part and compete for their teams. It was a really strong field this year and they made quick work of what is quite a challenging distance. As the runners came over the line they were given a place card and these were collated by their staff—the top 4 runners from all schools were counted and the school with the overall lowest score for the boys and girls were the winners. There seemed to be no beating Bickleigh Down Primary this year as they took top spot in both the girls and boys race. Leigham Primary were a close second for the girls and Widewell came in second for the boys. As well as competing for the team event, the 3 fastest girls and 3 fastest boys were awarded medals; congratulations to Abi (Bickleigh Down), Grace (Bickleigh Down) and Chloe (Widewell) who took the top 3 spots for the girls and Phillip (Bickleigh Down), Joe (Tor Bridge Primary) and Zach (Leigham) who were the fastest 3 boys. Congratulations to everyone who took part—I really hope that you all enjoyed it and I hope to see the Y5's back again next year. I would like to thank all of our young leaders from Tor Bridge High who set up the course and helped to ensure the event ran smoothly on the day. Thank you as well to James and Lucy from Marjons who took care of all of the results for me so I could concentrate on the races. Already looking forward to our next family event—hope to see you all there.
