

Our Trim Trail

We have a new trim trail installed on our school field which was officially opened in January 2018 by Tessa Price from Plymouth City Council's Plymotion Team.

Our Friends of Thornbury, through their fantastic fundraising efforts, were able to purchase this equipment with the help of additional funding from Plymotion.

Prior to Easter Thornbury held a competition to name the trail and Foundation won with 'Squirrel Run'. We are hoping to see squirrels playing on it very soon!

The children are able use the equipment on a rota basis at lunchtime and during their PE sessions.
